

Shared Lives

Hertfordshire

Sharing the ordinary to create the extraordinary

Do you have care experience or the desire to help others?

Then become a **Shared Lives** carer

Shared Lives carers are individuals, couples or families who are able to provide support, care and accommodation in their own homes to vulnerable adults.

It's a hugely rewarding and flexible role that makes a positive difference to someone's life.

In return for becoming a Shared Lives carer you'll receive an income and tax free allowance and get the opportunity to help someone to live a more fulfilled life.

Training is provided – the most important thing is your desire to make a positive difference.
